

PRE-LEAP-RE

## ► Project: PRE-LEAP-RE

Preparing for a Long-Term Joint EU-AU Research and Innovation Partnership on Renewable Energy

17 partners; EUR 996,762.50

*The PRE-LEAP-RE project partner will identify and formulate a strategic Joint Research and Innovation (R&I) Programme for renewable energy technology and establish the organizational principles for its implementation within a forthcoming JP by bringing together national funding agencies of EU member states, African states and other key EU-AU actors involved in energy research.*

Contact@EERA: Elena Dufour

### EERA's role:

- Contribution to the definition of:
  - the R&I Agenda for Renewable Energies relevant to Africa-Europe Cooperation
  - a human and institutional Capacity Building Agenda
  - the monitoring and evaluation framework aimed at periodically evaluating progress towards the impact of a future AU-EU JP
- Stakeholders' engagement
- Communication activities
